Subject: Response on Denka request for correction regarding chloroprene
RFC 17002 Response 012318 clean.docx

Ryan,

Richard and I wanted to make you aware that ORD in coordination with OEI, has been working on a response (attached) denying a Request for Correction we received from attorneys representing Denka Performance Elastomer LLC (DPE) on the *Toxicological Review of Chloroprene (CAS No. 126-99-8) In Support of Summary Information on the Integrated Risk Information System (IRIS)*. I have been in touch with Anne Idsal and David Gray in Region 6 to coordinate on communications and we have a call this afternoon. We plan to send this response before the end of the week to meet R6 needs. Let me know if you need further information or wish to discuss.

jennifer
